## Identify and Locate Numbers on a Number Line

In this worksheet, we will practice identifying and locating fractions, mixed numbers, decimals, and integers on a number line.

For example,
What fraction should be in the place of the letter A? 3/4
Circle where the decimal .25 would be on the number line above.

## Exercise Questions:

Use the number line below for questions 1 and 2.

| 0 | 1 | 2 | 3 | 4 |
| :--- | :--- | :--- | :--- | :--- |

1. Draw a red dot where $5 / 2$ would be on the number line.
2. Draw a blue dot where 3.5 would be on the number line.

Use the number line below for questions 3 and 4.

| 0 | 1 | 2 | 3 |
| :--- | :--- | :--- | :--- |

3. Draw a red dot where .75 would be on the number line.
4. Draw a blue dot where $15 / 5$ would be on the number line.

Use the number line below for questions 5 and 6.

0 1/2 1
5. Draw a red dot where $3 / 4$ would be on the number line.
6. Draw a blue dot where 25 would be on the numberline.

## Answer Key

## Identify and Locate Numbers on a Number Line

In this worksheet, we will practice identifying and locating fractions, mixed numbers, decimals, and integers on a number line.

For example,
What fraction should be in the place of the letter $A$ ? $\quad 3 / 4$
Circle where the decimal .25 would be on the number line above.

## Exercise Questions:

Use the number line below for questions 1 and 2.
012023

1. Draw a red dot where $5 / 2$ would be on the number line.
2. Draw a blue dot where 3.5 would be on the number line.

Use the number line below for questions 3 and 4.

| 0 | 1 | 2 | 3 |
| :--- | :--- | :--- | :--- |

3. Draw a red dot where .75 would be on the number line.
4. Draw a blue dot where $15 / 5$ would be on the number line.

Use the number line below for questions 5 and 6.

0
1/2
5. Draw a red dot where $3 / 4$ would be on the number line.
6. Draw a blue dot where .25 would be on the number line.
