5. How much is the 6 worth in 861?

\_\_\_\_\_

6. Circle the number that 9 is worth the most in.

1, 291                      926                      129

7. Circle the number that 4 is worth the most in.

465                      624                      741

8. Circle the number that 8 is worth the most in.

218                      683                      824

9. Circle the number that 2 is worth the least in.

214                      312                      825

10. Circle the number that 3 is worth the least in.

735                      392                      213

## Answer Key

### Multi Digit Place Value

In this worksheet, we will practice recognizing the importance of place value in a multi-digit number.

For example, how much is the 5 worth in 526? **500**

How much is the 5 worth in 256? **50**

Circle the number that 5 is worth the most in: 1,325      **(578)**      752

#### Exercise Questions:

1. How much is the 4 worth in 486?

**400**

2. How much is the 3 worth in 932?

**30**

3. How much is the 5 worth in 125?

**5**

4. How much is the 7 worth in 734?

**700**

5. How much is the 6 worth in 861?

**60**

6. Circle the number that 9 is worth the most in.

1, 291      **(926)**      129

7. Circle the number that 4 is worth the most in.

**(465)**      624      741

8. Circle the number that 8 is worth the most in.

218      683      **(824)**

9. Circle the number that 2 is worth the least in.

214      **(312)**      825

10. Circle the number that 3 is worth the least in.

735      392      **(213)**
