Creating Number Sentences

To complete the number sentences fill in the missing addends by making up problems of your own.

Addend = any numbers that are involved in addition.

Numbers that are being added are considered the addends.

$$\square + \square = 18$$

$$\square + \square = 16$$

$$\square + \square = 12$$

$$\square + \square = 10$$

$$\square + \square = 20$$

$$\square + \square = 8$$

Answers will vary

To complete the number sentences fill in the missing addends by making up problems of your own.

Addend = any numbers that are involved in addition.

Numbers that are being added are considered the addends.

$$\boxed{9} + \boxed{9} = 18$$

$$\boxed{8} + \boxed{8} = 16$$

$$\boxed{6} + \boxed{6} = 12$$

$$\boxed{5} + \boxed{5} = 10$$

$$\boxed{10} + \boxed{10} = 20$$

$$\boxed{9} + \boxed{9} = 8$$
