## Three Addends Horizontal Addition

Add the numbers below. A tip for adding more than two numbers: Look for groups that add up to ten and then add the remaining number. For example, if you have a problem that asks you to add $2+8+3$, you can look at the problem, right away know that $2+8=10$, and then add the 3 to the 10 . The sum would be 13 .

| $1+6+4=$ | $4+2+4=$ |
| :--- | :--- |
| $9+1+4=$ | $7+8+5=$ |
| $2+4+6=$ | $5+7+8=$ |
| $8+9+4=$ | $6+4+2=$ |
| $3+3+3=$ | $0+0+5=$ |
