Hundreds Whole Number Comparison

Step 1: Look at the greatest place value, which happens to be the hundreds.

355 357

Both digits in the hundreds place are worth 3 hundreds. They are equal.

Step 2: Now you must compare the next place value, which would be the digits in the tens place.

355 357

Step 3: Since the numbers in both the hundreds place and the tens place are equal, you must compare the next place value, which would be the digit in the ones place.

355 357

Since 5 is less than 7... 355 is less than 357 or $355 < 357$

The chart below shows how many fans went to each of the fields on Saturday.

Field	Number of Fans
Renegade Field	756
