

Name _____

Date _____

Converting Numerals to Letters

Being able to read numbers is important. You should also be able to write a number using words. When you grow up and need to write checks to pay for items, you will need to use this skill.

Write the number name. Follow the example below.

679 Six hundred and seventy-nine

465 _____

84 _____

100 _____

371 _____

286 _____

590 _____

817 _____

Name _____

Date _____

Converting Numerals to Letters
