Soft and Hard & Polar Bears Reading Comprehension Worksheet

Soft and Hard

Kittens are soft. Rocks are hard. A bed is soft. A baseball bat is hard. A pillow is soft. A book is hard. My skin is soft, but my teeth are hard. Why are my teeth hard? So I can chew my food!

Question: Write another object that is hard and one that is soft.

Polar Bears

Polar bears are white. They are very big. They live in very cold places. They hunt for fish in the cold water. They stand on ice and watch the water. When they see a fish, they grab it. Most people only see polar bears in zoos.
