

Name _____

Date _____

Food Chain Fill in the Blanks

In this worksheet, we will look at a simple food chain and identify the producers and consumers. For example, the primary consumer in this food chain is the zooplankton.

Types of consumers:

Primary: eats the producer

Secondary: eats the primary consumer

Tertiary: eats the secondary consumer

1. The green phytoplankton is the _____ in the food chain.
2. The zooplankton is the primary consumer in the food chain.
3. The crab is a _____ consumer in the food chain.
4. The blue fish is a _____ consumer in the food chain.
5. What is the top consumer in this food chain?

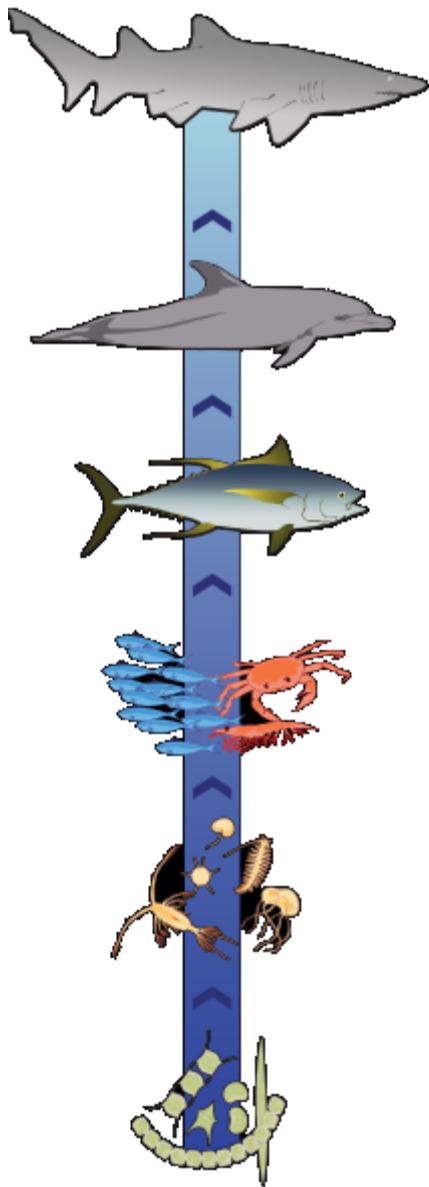

6. How many levels of consumers are in this food chain? 4 or 5

Answer Key

Food Chain Fill in the Blanks

In this worksheet, we will look at a simple food chain and identify the producers and consumers. For example, the primary consumer in this food chain is the zooplankton.

Types of consumers:

Primary: eats the producer

Secondary: eats the primary consumer

Tertiary: eats the secondary consumer

1. The green phytoplankton is the producer in the food chain.
2. The zooplankton is the primary consumer in the food chain.
3. The crab is a secondary consumer in the food chain.
4. The blue fish is a tertiary consumer in the food chain.
5. What is the top consumer in this food chain?
the shark
6. How many levels of consumers are in this food chain? 4 or **(5)**

Answer Key
