

Name _____

Date _____

The Lifecycle of a Butterfly

In this worksheet, we will explore the lifecycle of a butterfly. For example, the first step of a butterfly's life cycle is the egg. After the egg, the next step is the caterpillar.

Exercise Questions:

5. What is the name of the butterfly's larva form? _____
6. What is the name of the butterfly's pupa form? _____
7. True or false? A moth's life cycle has three out of four of the same steps as the butterfly.
8. What is a moth's pupa form called? _____

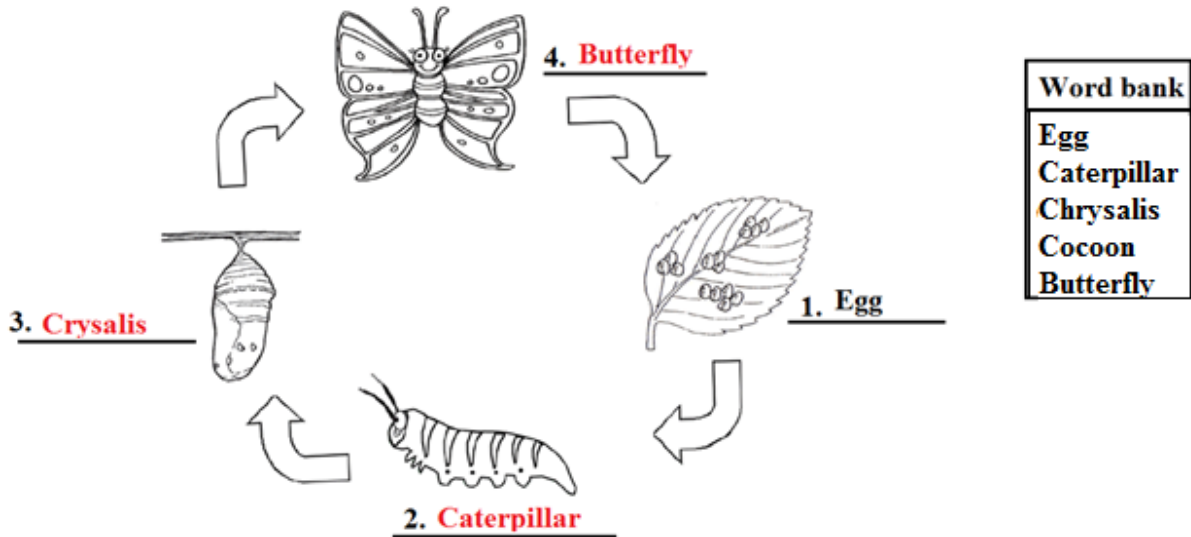

Answer Key

The Lifecycle of a Butterfly

In this worksheet, we will explore the lifecycle of a butterfly. For example, the first step of a butterfly's life cycle is the egg. After the egg, the next step is the caterpillar.

Exercise Questions:
